

I am totally floored with ^{the} arrangements, infrastructure and the care meted out to the patients of IDBG. In one word all is EXCELLENT. It is one of the rarest hospital providing food, transport & lodging to all who are involved into the care of Covid-19 patients. The officials provided ~~at~~ data within minutes because all was in the tip of ^{their} fingers.

The cleanliness, efficiency, and sincerity ^{of the hospital} & dedication among the health personnel has impressed us.

May this hospital continue to serve humanity with all zeal & sincerity.
